Regulations Updates

For your convenience, here is a general index of the new rules by chapter: A few changes and new provisions have been made to the regulations; consequently, the Board strongly recommends that you become familiar with regulations. Below is a brief summary of some of the major regulations and changes and the new requirements. However, please visit the Board's website at: <http://pr.mo.gov/cosbar.asp> to review the regulations in their entirety.

- Chapter 1 - Organization and Description of Board
- Chapter 2 - Public Complaint Handling and Disposition Procedures
- Chapter 3 - License Fees
- Chapter 4 - General Rules Applicable to All Licensees/Registrants
- Chapter 5 - Barber Licensing
- Chapter 6 - Barber Instructors
- Chapter 7 - Cosmetology Licensing
- Chapter 8 - Cosmetology Instructors and Instructor Trainees
- Chapter 9 - Apprenticeships—Barber and Cosmetology
- Chapter 10 - Establishments (Shops)—Barber and Cosmetology
- Chapter 11 - Sanitation Rules—Barber and Cosmetology
- Chapter 12 - Schools and Student Rules—Barber and Cosmetology
- Chapter 13 - Crossover Licenses
- Chapter 14 - Violations and Hearings

Listed below are a few of the recent changes.

Amendment to 20 CSR 2085-8.070 Instructor Renewal and Inactive License Requirements

(A) Renewal is contingent upon attending a board-approved seminar and submitting to the board proof of eight (8) hours of attendance issued by seminar sponsors, showing the date and place of the seminar. Each licensed instructor shall be required to attend a board-approved seminar within the two (2) years immediately preceding the renewal date and shall submit evidence of attendance with the renewal application.

Amendment to 20 CSR 2085-12.010 General Rules and Application Requirements for All Schools

(A) As used in these regulations (and in application forms issued by the board), the term "postsecondary" shall mean an institution or school that has certified in its application to the board that it will only enroll individuals who meet one (1) of the following qualifications: 1) hold a high school diploma; 2) hold a general education development (GED) certification; 3) have completed a home schooling program which meets the requirements of the state in which it occurred and contains at least twelve (12) high school credits; or 4) have provided acceptable proof of a prior enrollment, commencing at any date prior to July 1, 2012, in a Title IV eligible academic program at a Title IV eligible postsecondary institution. With respect to an institution, "Title IV eligible" shall have the meaning given in 34 CFR 600.2 as that regulation existed at the time of such prior enrollment, and, with respect to an academic program, "Title IV eligible" shall have the meaning given in 34 CFR 668.8 as that regulation existed at the time of such prior enrollment the status of being postsecondary is optional, and an applicant may apply to operate a barber or cosmetology school in Missouri without such status.

(B) As used in these regulations (and in application forms issued by the board), the term "secondary" shall mean an institution or school that has certified on its application to the board that it is a public vocational-technical school.

Tips for Board Conducted Inspections

The Board of Cosmetology and Barber Examiners Inspectors follow the Board mission to protect the public and ensure that establishments and licensees are following the statutes and regulations established for the Missouri Board of Cosmetology and Barber Examiners. But just as important, the Board Inspectors are there to be ambassadors to assist you in any way possible for you or your business to be successful.

Here are a few tips to keep in mind. To see the full regulations regarding sanitary requirements please see 20 CSR 2085-11.010-20 CSR 2085-11.030

- **Introduction-** The State Inspector will introduce them self and tell you why they are visiting your establishment. Most commonly the visit will be an unannounced routine inspection, or if it is a follow up inspection due to past violations the inspector will let you know.
- **Licensing-** The State Inspector will check the establishment and operator licenses first to determine all licenses are valid and current.
- **Keep Waste Receptacles Covered-** Any cosmetology and/or barbering establishment or school shall be required to have covered waste receptacles for the disposal of hair and nail clippings. Hair and nail clippings shall be swept up and disposed of in a covered waste receptacle after each patron.
- **Ensure You Are Correctly Disinfecting and Storing Implements.** All implements (instruments or tools) used in cosmetology and/or barber establishments and schools, including scissors, clips, blades, rods, brushes, combs, etc. shall be thoroughly cleansed after each use. All implements which may come in contact directly or indirectly with the skin of the patron shall be disinfected with an Environmental Protection Agency (EPA)-registered disinfectant, which may be a spray solution. The label on the disinfectant shall show that it is EPA-registered with demonstrated bactericidal (disinfectant), virucidal, and fungicidal activity and shall be used according to the manufacturer's instructions. All implements shall be completely immersed in the solution or, if not capable of immersion, thoroughly dipped in the solution for a period of not less than five (5) minutes. Implements shall either be stored in the solution or removed and stored in a dust-tight cabinet, covered container, or drawer at all times when not in use. The dust-tight cabinet, covered container, or drawer shall be kept free of other items not capable of being disinfected. Implements shall be permitted to air dry.
- **Ensure All Areas Are Clean And In Good Repair.** Floors, Walls, Ceilings, Equipment, and Contents. For areas where all classified occupations of cosmetology are practiced, including retail cosmetic sales counters, all floors, walls, ceilings, equipment, and contents shall be constructed of washable materials and must be kept clean and in good repair at all times. Commercial-type carpet may be used.
- **Ask questions-** If you are not sure about a statute or regulation ask the State Inspector. They are there to help!

Does The Board Have Your Correct Information?

Did you move?

Did you remember to notify the Board office in writing of your new address? Do not simply rely on submitting a change of address to the post office. Depending on the location, some post offices only do this for 30-60 days. After this time period, most mail is returned to sender. Many barbers, cosmetologist, manicurist, and estheticians learned this the hard way during this last renewal when they did not receive their notice of renewal due to not letting. Their notice of renewal was returned to the Board office but that was the last address of record at the Board office. Many licensees had to pay late fees for forgetting this simple task. Don't let this happen to you for this renewal. Please remember to notify the Board of Cosmetology and Barber Examiners with your address change at PO Box 1062, Jefferson City, MO, 65102, or by visiting <http://pr.mo.gov/cosbar.asp> and choose "address change". It's simple, and takes just a few minutes.

Did your legal name change?

A licensee whose name is changed by marriage or court order shall notify the office in writing within thirty (30) days of the name change and provide a copy of the appropriate documents verifying the name change.

This newsletter is an official publication of the Board of Cosmetology and Barber Examiners of Professional Registration. If there are any areas which you would like to see addressed in this newsletter, please write to us at:
